

Brand attributes of EVE Products

Reasons to purchase the EVE brand:

Because Eve:

Innovative

...plays a leading role in the development of new technology and takes an active role in the development of customized solutions for demanding tasks/applications.

Market Leader

...offers an advantage through innovation so that we are competitively always a step ahead. EVE offers a complete range of products, and continuously adapts/adjusts to keep up with developing technical challenges.

You Get your Money's Worth

...offers high-quality and reliable products and guarantees an extremely high standard of performance over the product's "life span".

Trustworthy

...always delivers reliable products and services. We have a commitment to our customers' needs, and are always extremely quick to react to their wishes.

Tradition

...has continuously evolved since the company's inception in 1925 and has always met new challenges. EVE stands for "A tradition of quality".

Quality

...is DIN EN ISO 9001 certified and the high demand for quality is kept up through the development, production, management and distribution system, by a quality management system. The medical products are DIN EN ISO 13485 certified and comply with the requirements of Directive 93/42/EEC and are also CE-awarded. Inspections of incoming raw materials and modern production methods ensure the consistent high quality of all EVE products.
